Peace Officer Standards and Training Board (P.O.S.T.)

What is P.O.S.T.?

Peace Officer Standards and Training (P.O.S.T.) is the licensing board for peace officers that are similar to boards for medical, dental, legal, and other professions. The website is www.post.state.mn.us. The phone number for the P.O.S.T. Board is (651) 643-3060.

One of the functions of the P.O.S.T. Board is to set the minimum requirements for individuals interested in being hired as a peace officer. Minimally, a two-year post-secondary degree is required. The degree must be from a university, college, or technical college that is accredited by the P.O.S.T. Board. If you have met the academic requirements, you are eligible to take the P.O.S.T. Board licensing examination. Once you have passed the licensing exam, you are eligible to be hired by any law enforcement agency in Minnesota as a peace officer. If you have experience as a full-time police officer in another state or with a federal law enforcement agency and have completed a basic police academy/course, you may be eligible to take the P.O.S.T. reciprocity exam. If you have **military experience**, contact the P.O.S.T. Board for more information about reciprocity testing.

Individuals who have received a law enforcement degree from a college that is not accredited or have a four-year degree in another vocation may only need a minimum number of courses through an accredited institution to meet the P.O.S.T. academic requirements. Some institutions can integrate degrees in less time than others. Individuals interested should send their transcripts to an accredited institution for review. They will advise you what will be needed to meet the P.O.S.T. requirement.

What is a P.O.S.T. license?

Students who have successfully completed the required academic course work and have passed the Peace Officer Licensing Examination are termed "eligible to be licensed." However, completing the education requirements and passing the licensing examination does not result in licensure. Individuals who are "eligible to be licensed" are not licensed until they are hired by a law enforcement agency and can satisfy the minimum selection standards listed in the application. A law enforcement agency may apply its own additional standards in their hiring process. The hiring agency also determines the physical standards its own personnel must meet.

How do I get a P.O.S.T. license?

You obtain your P.O.S.T. license after passing the licensing examination and are hired by a law enforcement agency in Minnesota.
